

# Green Gobbler Safety

## Safety Shower Test Cart

### Safety Shower Compliance Testing

- Flow compliance
- Water clarity
- Water temperature
- Spray pattern

When raised, works for shower heads up to 8' height, upper limit of code. [Let us know if you have some higher.]

When lowered, correct 60" height for spray spread test.

### Fast, easy and safe. *Operated by a single person.*

- Collects water so floors stay dry
- 30 gallon capacity
- Test numerous showers, then use integral pump to drain water
- NO lifting buckets of water!
